

As of June 1, our full staff has returned to the office, and the lobby is now open to customer traffic. We continue to take precautions to protect the health and well-being of our staff and customers. Clients are encouraged to communicate with the agency in whatever manner is most comfortable. Please call our main line at 712-737-6000, reach out via email, and feel free to utilize our dropbox on the exterior of the building.
